

One number for UR Medicine.

(585) 275-URMD (8763)

Toll Free (844) 500-8763

An exclusive number for doctors and their staff, giving them easy access to the UR Medicine services they need most:

SPECIALIST REFERRALS

Set up an appointment with any UR Medicine specialist.

URGENT REFERRALS

Connect with the UR Medicine Transfer Center to facilitate urgent referrals.

PATIENT INFORMATION TRANSFER

Get instructions for transferring critical patient information to the UR Medicine care team.

PATIENT STATUS UPDATES

Connect with your patient’s attending physician for updates on procedures or outcomes.

CARE COORDINATION

Get information on post-discharge care and relevant support services for your patients.

GENERAL QUESTIONS

Get answers to any questions you have about UR Medicine.

CONSULT SERVICES

Get advice from UR Medicine specialists 24/7 or facilitate transfer of your patients when needed.

For your convenience, our Access Guide is available on line – simply visit Physicians.URMC.edu for an electronic version. You’ll also get quick links to eRecord and ePartner, as well as learn about CME offerings, our new physicians and much more!

(585) 275-3200

UR Medicine's Electronic Health Record system is called eRecord. Community providers who work with UR Medicine may be eligible for ePartner access, a view-only portal into eRecord. ePartner enables community partners who refer patients (and their staff members) to view lab or radiology results, among other activities.

WHAT TO EXPECT WITH ePARTNER

ePartner is a secure, web-based portal that allows community physicians and their nursing staff to view real-time information about their patients' hospital stays, as well as access patients' lab tests and imaging results before a discharge summary has been completed. ePartner can be viewed on both PCs and Macs.

WHAT'S INVOLVED IN USING ePARTNER?

We've made access to ePartner streamlined for our community physicians and their office staff, while ensuring the security and appropriate use of medical records for our patients. To gain access to this system, please contact our Help Desk at (585) 275-3200 and ask for a ticket to be placed with our Regional Support team. The Regional Liaison will work with each practice to identify the physicians, nurses and staff who need access. You also will need to sign documentation that indemnifies URM for the use of the system. Once these steps are completed, you'll be ready to go.

It takes a couple of weeks to complete the important security and administrative work necessary for each user to have access, including some online training and release of a username and password. At this point, you can sign into our secure network, accessible through <http://remote.urmc.edu>.

To learn more about ePartner, please visit www.ePartner.URMC.edu.

ePARTNER: FREQUENTLY ASKED QUESTIONS

Does everyone get the same version of ePartner?

No. We'll work with each practice to understand what best suits how you and your staff interact with UR Medicine facilities, and then match your needs with a version configured to ensure that patients' information is protected and secure. If you refer patients and order labs through UR Medicine, we'll recommend Chart View access. Or, if your interaction is solely limited to labs, we'll provide you with a streamlined view so you can quickly and easily access lab results.

Can I update information displayed in ePartner?

No, because ePartner is a view-only version of eRecord. You cannot add to a patient chart, or make any notation in the system using ePartner. However, if you are aware that specific patient information should be updated (for example, a patient's PCP), please contact the ISD help desk at (585) 275-3200 to request the change.

Will all my patients be in ePartner?

Any patient who has been seen at a UR Medicine facility is included in ePartner. These locations include Strong Memorial Hospital, Highland Hospital, F.F. Thompson Hospital, Jones Memorial Hospital, Noyes Health, St. James Hospital, Highlands at Brighton, Highland Living Center, lab draw stations, imaging locations, etc. Your access will be limited to patients with whom you are linked (by ordering a test, being identified as the patient's PCP, admitting the patient, etc.). If you are not formally linked to a specific patient in our system, please use "Request a Patient" in the inbasket to request access to that patient's record.

Can my patients see the same lab and imaging results?

Patients have access to chart information through MyChart. This includes lab, imaging results, notes, problems, medications, allergies and immunizations. Be aware that test results may be available to patients via MyChart before you have an opportunity to review and discuss them with your patient.

Can I print information from the patient's chart?

Yes.

Are there special computer requirements?

There are minimal requirements. Because ePartner is web-based, very little computer setup is necessary. In fact, ePartner is viewable on most PCs. You will simply need to be on the URM secure network to login to ePartner, which is easily accessible through <http://remote.urmc.edu>.

Accessing ePartner requires the following:

- Any Internet browser and network connection
- Any operating system (PC or Mac)
- Citrix installation

For information about ePartner, please visit www.ePartner.URMC.edu.

Regional Coverage: UR Medicine Home Care serves seven counties (Monroe, Livingston, Wyoming, Ontario, Seneca, Wayne and Yates) to match the hospital affiliations with UR Medicine. Hospice services are available in three counties (Monroe, Ontario and Yates).

HOME CARE

Services are available seven days a week.

Cancer Care

Cardiac, pulmonary and vascular assessment

Diabetes and Nutrition Counseling

HIV

Home Health Aide

Infusion Therapy

Neurological Rehabilitation

Oximeter testing

Pain Management

Palliative Care

Rehabilitation (physical therapy, occupational therapy, speech language therapy)

Skilled Nursing

Social Work

Symptom and disease management for heart failure, cardiac surgery, COPD and pneumonia

Wound/Ostomy/Continence Care

HOSPICE (Monroe, Ontario and Yates)

Camp Heart Strings

Hospice-trained home health aides

Nursing/social work/counseling/spiritual care/bereavement

Pain and symptom management/Medication Comfort Care Kit

Pet Peace of Mind Program

Provided at home, comfort care home, skilled nursing facility and hospital

Volunteer services (memory book, pet therapy)

We Honor Veterans Program

MEALS ON WHEELS (Monroe)

Requests for service can be made by anyone – family, friend or physician.

Although private insurance and Medicare do not cover the cost of meals, most meals can be subsidized

NEUROLOGICAL REHABILITATION

Stroke, TBI, ALS, MD, MS, Parkinson's, Guillain-Barré Syndrome and spinal cord injuries

Multidisciplinary team of diverse professionals including therapists, nurses, medical social workers, clinical dietitian and home health aides

PALLIATIVE CARE

Enteral Therapy
Infusion therapy, home chemotherapy
In-home consultation by NP or medical director
Pain Control
Symptom Management
Wound, Ostomy
Venipuncture, blood draws

PEDIATRICS (Monroe and Wayne)

Child Life Specialist
Occupational Therapy
Palliative Care/End-of-Life Care
Physical Therapy
Skilled Nursing
Social Work
Speech Language Therapy

REHABILITATION CARE

OT, PT and Speech Therapy
Safety Evaluation to assess for intervention needed to keep the patient functioning safely in their home

VISITING NURSE SIGNATURE CARE/FINGER LAKES HOME CARE

Companion Care: non-hands-on general assistance including housekeeping, companionship and meal preparation – Private pay
Home Health Aide: assistance with personal care, med reminders, meal preparation and more
Nursing service: routine assessments, care plan oversight
PRI/Screen Assessments
