

An opportunity to meet & learn from other survivors, families and friends affected by a brain aneurysm, stroke or AVM.

Purpose:

To learn the latest in brain aneurysm, stroke & AVM care.

A forum to ask questions and give support after the hospitalization and follow up visits have ended.

An opportunity to share experiences and ask questions.

Acquire up to date information to enhance the "new normal".

UR Medicine

Vascular Neurology

Survivor

"Continuing to function in spite of opposition, hardship, setbacks and trauma."

Survival is defined in the context of the struggle to exist in your "new normal".

Social support is essential to the recovery process.

Recovery is possible!
