

PUBLIC HEALTH GRAND ROUNDS

Best Practices in Aging Services

We will discuss evidenced-based and evidence informed programs which have helped older adults remain at home and have reduced health care utilization.

At the conclusion of this presentation participants should be able to:

1. Understand the aging services network
2. Learn about a program which has proven to address health related social needs
3. Importance of the family caregiver in reducing health care utilization

Friday, October 11
12:00pm – 1:00pm
