NYS BUREAU OF TOBACCO CONTROL HAS RESOURCES AVAILABLE FOR DOWNLOAD/ORDER!

Across New York State, **18.7% of high school youth report using e-cigarettes**. A 2020 **Truth Initiative survey** found that more than half of 15-24-year-olds reported trying to quit vaping in the past year.

The New York State Tobacco Control Program is excited to share social media resources to help you spread the word about and connect young people to resources to help with their quit efforts. These materials promote the opt-in phrase of DropTheVape for Truth Initiative's free text-based quit vaping service This is Quitting and options for ordering free Department of Health posters, palm, and rack cards for schools and communities.

NEW STUDY CONFIRMS COMMUNITY PHARMACIES CAN HELP PEOPLE QUIT SMOKING

Led by researchers at [UC Davis Comprehensive Cancer Center](#) and other academic institutions across the country, the study involved seven independent community pharmacies in California affiliated with the [Community Pharmacy Enhanced Services Network](#). A total of 22 California pharmacists and 26 pharmacy technicians who underwent tobacco cessation training participated. 89% of Americans live within five miles of a community pharmacy.
