

“Shadow” Experience

This is an experience for **college age students** who are looking to observe a Physician Assistant or Nurse Practitioner role to determine future career endeavors. This is a onetime opportunity which should be arranged in conjunction with the Center for Advanced Practice Providers. We prefer the student identify a contact person (APP) to facilitate the shadow experience. Once a date is determined we will send Letter of Agreement and Covid Link.

These are the guidelines:

- Limited to a 4- or 8-hour experience.
- All Students, must complete the Letter of Agreement and send to Meghan_haight@urmc.rochester.edu
- On the AM of the shadow the Covid Link (Health Screen) needs to be completed.
- All students are expected to arrive in professional attire or scrubs.
- **No minors or high school age students can participate in this program.**

Please contact Kathleen_brennan@urmc.rochester.edu or Meghan_haight@urmc.rochester.edu for the Letter of Agreement and the Covid Link (Health Screen)

If a student is looking for more than 8 hours, please direct them to Nursing Recruitment at 585-275-3478 to explore job possibilities such as Nurse Extern, Patient Care Technician or Geriatric Patient Sitter
