

Advancing Care, Together

St. James Foundation

2024 Annual Fundraising Campaign

Dear Friends and Supporters,

As we approach the close of another remarkable year, we are filled with gratitude for the support we've received from our community. This year, the St. James Foundation embarks on an especially exciting journey, and we are inviting you to join us once again in our annual fundraising campaign.

A Groundbreaking Investment in Surgical Excellence

We are thrilled to share the exciting news that St. James Hospital has acquired two state-of-the-art surgical devices: a **da Vinci Robot** and a **Holmium Laser**. These remarkable advancements represent a transformative moment for our hospital, allowing our general surgeons and urologist to perform minimally invasive procedures with unparalleled precision and efficiency.

Why Your Support Matters

The introduction of the da Vinci surgical robot and the Holmium Laser represents a commitment to advancing healthcare in our region. With your generous support, we can continue to attract top-tier providers and offer the latest innovations in surgical care. Together, we will be able to redefine the patient experience, ensuring better outcomes, shorter recovery times, and enhanced safety for every individual we serve.

We invite you to join us on this journey. Your partnership will help us keep St. James Hospital at the forefront of medical excellence for years to come. All contributions to the St. James Foundation are tax-deductible, making your generosity go even further.
